RECENT LEADERSHIP ROLES: NARRATIVE SUMMARIES

CEO & Chief AI Officer, *Health Copilot AI Inc*: Lead an innovative growth-stage technology company developing AI-powered solutions for healthcare, education, and faith sectors. Spearhead the creation of digital precision technology, a groundbreaking approach aimed at integrating AI-driven personalized pathways into adaptive organizational workflows. Design methodology to significantly enhance service delivery and user outcomes while optimizing institutional efficiency. Direct the active development of cutting-edge AI-driven platforms, including configurable digital health solutions, patient care management platforms, precision learning platforms, and tools for lifelong learning, career navigation, and faith formation. Demonstrate commitment to addressing critical global needs through ethical, transparent, and socially accountable AI solutions. Drive mission to create paradigm shift in service delivery by pioneering integration of person-centered approaches with systems-based engineering. Develop unique methodology with potential to ensure individualized care and support while simultaneously improving institutional effectiveness across multiple sectors. Guide company growth and technical innovation and foster a culture of ethical AI development and implementation. Position company to become leader in AI-driven social impact.

Research, Advancement, and AI Health Innovation Consultant, *FIU Herbert Wertheim College of Medicine, Department of Humanities, Health, and Society*: Spearhead initiatives to support and advance department's impact on underserved populations. Develop grant proposals, secure funding, and engage in research focused on social inequity, health ethics, and medical education reform. Lead creation of innovative projects, including FIU Thrive, a \$3M+ funded mHealth ecosystem for social risk assessment and care navigation. Conduct policy analysis and strategic planning to improve department-level performance. Author publications on social determinants of health, needs assessments, and service navigation. Establish protocols and resources to enhance grant development and departmental efficiency.

Research, Advancement, and AI Health Innovation Consultant, *Roseman University of Health Sciences, Institutional Advancement and College of Medicine*: Secure substantial grants to bring critical services to underserved populations, with focus on pregnant and postpartum individuals affected by or at risk for OUD and SUD. Spearhead development of innovative community-based health education curriculum for maternal health and substance use recovery. Design and optimize outreach program workflows, enabling scalability from local to state-wide implementation. Collaborate on ideation and grant applications for AI-powered solutions, including reporting dashboards and interfaces that automate grant reporting, impact metrics, and data analytics. Lead university's role in regional EDA-funded TechHub, developing proposals for AI platforms supporting technology acceleration and workforce development. Co-chair College of Medicine's Grants and Advancement Committee, driving strategic initiatives to raise \$100 million for college launch. Develop analytic framework for scoring prospective donors, optimizing fundraising efforts.

President, *International Institute of Catholic Leadership (IICL)*: Lead non-profit organization pioneering AI-enabled personalized faith formation and leadership development. Spearhead development of Transfigured, an innovative platform offering tailored growth pathways, AI-optimized mentorship teams, and community-integrated journeys. Oversee creation of personalized formation plans connecting seekers, families, parishes, dioceses, and schools of theological formation. Direct development of capacity-building resources, including implementation guides and best practices. Manage digital and traditional publishing of curated formational content. Cultivate long-term vision for IICL to evolve into an innovative educational institution, with potential future focus on higher education programs for service-oriented leadership and purpose-driven workforce development.

EDITED SERIES¹

Series Editor, *Empowered Life Series*

Overview: A comprehensive, evidence-based health education curriculum for women (18-49), especially pregnant and postpartum individuals, affected by or at risk for substance use disorder (SUD) or opioid use disorder (OUD).

Description: The Empowered Life Series provides a comprehensive maternal health education curriculum with specialty courses for pregnant and postpartum individuals affected by or at risk for opioid use disorder (OUD) or substance use disorder (SUD). The series provides evidence-based, whole-person approaches to health that integrate core strands—social determinants of health and recovery; maternal physical, mental, and behavioral health; family well-being, including prenatal care, child health, and parenting skills—designed to progressively guide individuals from vulnerability and crisis to coping and ultimately to thriving. Each strand provides a structured pathway for improved learning and resilience across different stages of maternal health and recovery. This project has received support from SAMHSA, Funds for Resilient Nevada, the Nevada Department of Health and Human Services, and United Healthcare.

Funding & Development: Primarily funded by the Fund for a Resilient Nevada (FRN), administered by the Nevada Department of Health & Human Services, which supports over 80% of curriculum content including Social Drivers of Recovery, maternal wellness, and Healthy Baby and Healthy Family courses. The series was developed through collaborative partnerships with leading institutions, government agencies, and healthcare organizations, and created using Health Copilot AI's Precision Health Education pipeline and "Amica" pedagogical framework to transform complex health content into accessible, recovery-focused workbooks for pregnant and postpartum women.

THEOLOGICAL CONSULTING

FAMILY THEATER PRODUCTIONS, INC.

In 2017, I developed outlines on specific theological topics that could help the script writers and producers develop episodes for a new series ([Catholic Central](#)).

9. **Stefano TA**. "The Seven Deadly Sins: An Outline and Resource" (2017). Produced for Family Theater Productions; Los Angeles, CA.
8. **Stefano TA**. "Who is Jesus Christ?: An Outline and Resource" (2017). Produced for Family Theater Productions; Los Angeles, CA.
7. **Stefano TA**. "The Sacraments of Initiation: An Outline and Resource" (2017). Produced for Family Theater Productions; Los Angeles, CA.
6. **Stefano TA**. "What is the Pope? – The Office of Peter: An Outline and Resource" (2017). Produced for Family Theater Productions; Los Angeles, CA.
5. **Stefano TA**. "What is *Lectio Divina* and how do I practice it?: An Outline and Resource" (2017). Produced for Family Theater Productions; Los Angeles, CA.

AVE MARIA PRESS

As an editorial consultant, I provided theological review and consultation for several texts in the high school theology curriculum series. These works were subsequently published with my contributions acknowledged and received USCCB approval.

4. **Stefano TA**. Consultant for *Jesus Christ: His Mission and Ministry* by Michael Pennock (Ave Maria Press, 2010; 1st ed.). My role included theological review and consultation with a focus on alignment with the USCCB's Secondary Level Protocol for Course II: "Who is Jesus Christ?"
3. **Stefano TA**. Consultant for *Jesus Christ: Source of Our Salvation* by Michael Pennock (Ave Maria Press, 2011). Provided theological review and consultation, emphasizing the USCCB's Secondary Level Protocol for Course II: "The Mission of Jesus Christ (The Paschal Mystery)."
2. **Stefano TA**. Consultant for *Your Life in Christ: Foundations of Catholic Morality* by Michael Pennock (Ave Maria Press, 2007). Conducted theological review and consultation in line with the USCCB's Secondary Level Protocol for Course VI: "Life in Jesus Christ."
1. **Stefano TA**. Consultant for *This Is Our Church: A History of Catholicism* by Michael Pennock, Michael Amodei, and Justin McClain (Ave Maria Press, 2008 revision). Reviewed and consulted on the text to ensure compliance with the USCCB's Secondary Level Protocol for Framework Elective B: "History of the Catholic Church."

17. "The Death of Christ and the Mystery of Redemption." Christology Lecture Series. Cenacle School of Spiritual Direction at the Marian Servants of Our Lady of Divine Providence House of Prayer. June, 2016; Clearwater, FL, with digital connection to Houston, TX.
16. "From Jesus in the New Testament to Jesus in the Council of Chalcedon." Christology Lecture Series. Cenacle School of Spiritual Direction at the Marian Servants of Our Lady of Divine Providence House of Prayer. June, 2016; Clearwater, FL, with digital connection to Houston, TX.
15. "The Mission of Jesus and the Role of Discipleship." Christology Lecture Series. Cenacle School of Spiritual Direction at the Marian Servants of Our Lady of Divine Providence House of Prayer. June, 2016; Clearwater, FL, with digital connection to Houston, TX.
14. "Hans Urs von Balthasar's Mission-Christology and the Trinity." Presentation at: St. Vincent de Paul Regional Seminary. November, 2015; Boynton Beach, FL.
13. "Cyril of Alexandria's Development of the Constellation of Lexicography, Biblical Exegesis, and Doctrinal Conviction in his *Commentary on the Gospel of John* as the Interpretive Context for his Innovative Application of the Term, '*hypostasis*,' in his *Second Letter to Nestorius*." Presentation at: Oxford Patristics Conference, Oxford University. June, 2011; Oxford, England.
12. "The Life of Faith and Worship: The Easter Liturgy Expounded." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. April, 2011; Pembroke Pines, FL.
11. "The Life of Faith and Worship: Conversion & Sacramental Imagination." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. April, 2011; Pembroke Pines, FL.
10. "Ecclesiology: The Church, Mary, and the Saints." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. April, 2011; Pembroke Pines, FL.
09. "Pneumatology: Who and What is the Holy Spirit?." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. March, 2011; Pembroke Pines, FL.
08. "Trinitarian Theology: Who and What is God?." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. March, 2011; Pembroke Pines, FL.
07. "Christology: Who is Jesus Christ?." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. March, 2011; Pembroke Pines, FL.
06. "Tradition and the Rule of Faith: Creed and Canon." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. February, 2011; Pembroke Pines, FL.
05. "Bible: The New Testament – A Survey." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. February, 2011; Pembroke Pines, FL.
04. "Bible: The Old Testament – A Survey." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. February, 2011; Pembroke Pines, FL.
03. "The Dynamics of Faith and Revelation." Catholicism Expounded: A Theology Lecture Series. Presentation at: St. Maximilian Kolbe Catholic Church. February, 2011; Pembroke Pines, FL.
02. "*Hypostasis* in the Christological Writings of Cyril of Alexandria." Presentation at: North American Patristics Society (NAPS) Annual Meeting, Session 64. May, 2010; Chicago, IL.

01. "The Idea of a Catholic University." Colloquium Series. Presentation at: University of Notre Dame. October, 2009; Notre Dame, IN.

AI SYSTEMS RESEARCH & DEVELOPMENT

AI ETHICS RESEARCH

Stefano TA, developer, Health Copilot AI, St. Thomas University. AiREN: An Introduction - Soft launch site. Health Copilot AI; 2025. Available at: <https://aiethics.network/>
【PUBLIC ENGAGEMENT WEBSITE】

Soft launch website serving as first public-facing platform for the AiREN initiative. Implements AiREN visual identity system with responsive design featuring project mission, approach, collaborators, and engagement opportunities. Includes functional waitlist registration, newsletter subscription, and partner information workflows to build expert community during MVP development. Presents collaborative partnership between St. Thomas University and Health Copilot AI.

Stefano TA, developer, Health Copilot AI, St. Thomas University. AiREN Resource Library Prototype. Health Copilot AI; 2024-2025. Available at: <https://airen-stefano.replit.app/library>
【INTERACTIVE PROTOTYPE PLATFORM】

Working prototype demonstrating core functionality of the AiREN Resource Library's consumer-facing interface. Features browsable ethical AI resources with advanced filtering by document type, domains, and framework layers. Showcases search capabilities, resource categorization system, comprehensive metadata structure, and information architecture for full platform launch. Serves as proof-of-concept for stakeholder feedback and iterative development.

Stefano TA, developer, Health Copilot AI, St. Thomas University. AiREN Citation & Resource Hub. Health Copilot AI; 2025. Available at: <https://cite.aiethics.network/>
【CITATION TOOL AND DIGITAL RESOURCE HUB】

Dedicated citation tool providing standardized academic citations for AiREN Network and Evidence & Resource Library in all major formats (APA, MLA, Chicago, Harvard, IEEE). Features one-click copying, downloadable BibTeX/RIS files for reference managers, and serves as central access point for project resources including main website and expert network documentation.

HEALTHCARE AI

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. Social Risk Navigator AI [SaaS]. CareOrb AI Platform. Health Copilot AI; forthcoming. 【WEB APPLICATION · AI PLATFORM】

Advanced machine learning platform enabling comprehensive client assessment, predictive risk stratification, and intelligent care planning. Dramatically scales integrated care delivery capacity through behavioral pattern recognition, adaptive assessment algorithms, and automated service matching, supporting scaling with quality without proportionate administrative and staffing costs. Features predictive goal-setting, continuous learning systems, and AI-enhanced dashboards providing optimal engagement timing across complex maternal health and recovery workflows.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. My Health Copilot AI [SaaS]. CareOrb AI Platform. Health Copilot AI; forthcoming. 【WEB APPLICATION · AI PLATFORM】

Intelligent mobile companion leveraging natural language processing and adaptive machine learning to provide 24/7 personalized recovery guidance. Transforms complex care plans into accessible, actionable steps through AI-powered culturally relevant education delivery, continuous engagement optimization, and predictive crisis support. Features just-in-time resource matching, literacy-adapted learning paths, and intelligent team communication, extending professional therapeutic impact into daily life with sustained motivation through personalized interventions.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *ReferralFlow AI* [SaaS]. CareOrb AI Platform. Health Copilot AI; forthcoming. **【WEB APPLICATION • AI PRODUCTIVITY TOOL】**

Sophisticated autonomous AI agents transforming resource discovery through continuous web crawling, automated curation, and advanced matching algorithms. Machine learning classification systems maintain real-time validated community service databases that support and augment successful referrals. Features intelligent eligibility verification, crisis response protocols, and continuous learning systems improving matching accuracy through outcome analysis, eliminating failed referrals while dramatically reducing administrative burden.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *ReportStream AI* [SaaS]. CareOrb AI Platform. Health Copilot AI; forthcoming. **【WEB APPLICATION • AI PRODUCTIVITY TOOL】**

AI-powered reporting platform transforming manual data compilation into automated strategic intelligence. Natural language processing enables intelligent data extraction from multiple sources, while machine learning-powered integration provides customizable templates and trigger-based automation. Significantly reduces routine reporting time, eliminates data entry errors, and enables staff focus on strategic analysis through automated compliance reporting with predictive insights for continuous quality improvement.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *Precision Health OS*. Health Copilot AI; forthcoming. **【AI-POWERED DIGITAL HEALTH PLATFORM】**

AI-powered, enterprise-grade operating system providing organizations with comprehensive capabilities to select, build, publish, and manage suites of regulated digital health offerings. Features consumer-user apps, provider interfaces, analytic dashboards, diagnostics, and precision technologies—all configurable to specific organizational workflows. Managed under integrated quality management system ensuring privacy, security, and regulatory compliance across all digital health solutions. Enables healthcare organizations to deploy sophisticated digital health ecosystems while maintaining control, standardization, and regulatory alignment.

Stefano TA, co-PI and technical architect, Florida International University Herbert Wertheim College of Medicine. *FIU Thrive Mobile App*. Florida Department of Health in Miami-Dade; CDC; 2024. Available for iOS and Android. **【MOBILE HEALTH APPLICATION】**

Fully bilingual social risk assessment and care navigation system functioning as virtual social worker and health coach. Integrates validated SDOH assessment frameworks from PhenX, National Library of Medicine, Gravity Project, US Census, and CDC to provide comprehensive polysocial risk evaluation. Features AI-powered personalized care planning, intelligent service matching across 12 social determinant domains, adaptive goal-setting with motivational interviewing techniques, and continuous care plan refinement based on evolving needs and preferences. Employs systematic polysocial framework for multi-domain risk designation (Thriving, Coping, Vulnerable) with subdomain-specific insights enabling precision intervention targeting. Built with React Native for cross-platform accessibility, Azure SQL backend for secure data management, and interoperable architecture supporting integration with EHR systems and community service networks.

Stefano TA, co-PI and technical architect, Florida International University Herbert Wertheim College of Medicine. *FIU Thrive Navigator*. Florida International University Herbert Wertheim College of Medicine; designed. **【WEB-BASED CARE NAVIGATION PLATFORM】**

Web application enabling community outreach teams, social workers, and healthcare providers to deliver coordinated case management and care navigation. Features bidirectional integration with FIU Thrive mobile app, real-time patient profile and care plan updates, caseload management tools, and collaborative care coordination workflows. Built with React.js and integrated .NET Core backend, the platform provides care navigators with comprehensive visibility into patient needs, service engagement, and outcomes while maintaining seamless synchronization with patient-facing mobile experience.

Stefano TA, co-PI and technical architect, Florida International University Herbert Wertheim College of Medicine. *FIU Thrive Program Insights*. Florida International University Herbert Wertheim College of Medicine; designed. **【PROGRAM ADMINISTRATION AND ANALYTICS PLATFORM】**

Administrative web interface providing program administrators with differential access to manage content, workflows, and resources across the FIU Thrive ecosystem. Features automated data de-identification with configurable parameters, program effectiveness monitoring dashboards, research analysis tools, and

comprehensive reporting capabilities. Enables program evaluators and researchers to assess intervention outcomes, optimize resource allocation, and generate evidence-based insights for continuous quality improvement while maintaining privacy compliance and data governance standards.

Stefano TA, co-PI and technical architect, Florida International University Herbert Wertheim College of Medicine. *FIU Thrive Community Insights*. Florida Department of Health in Miami-Dade; 2024.

【COMMUNITY NEEDS ASSESSMENT DASHBOARD】

Population health analytics dashboard automatically de-identifying and aggregating user data to provide real-time community needs assessments with multi-level geographic granularity (zip code, city, county). Delivers actionable intelligence on community health-related social needs, service utilization patterns, intervention impacts, and resource gaps for policymakers and public health stakeholders. Enables evidence-based policy development, strategic resource allocation, and targeted interventions addressing social determinants of health at population scale.

EDUCATION & FORMATION AI

Stefano TA, Health Copilot AI. *EMPOWERED Life Series Digital Platform*. Health Copilot AI; 2025. Available at: <https://hcai-emp-life-site.vercel.app/>

【INTERACTIVE DIGITAL EDUCATIONAL RESOURCE AND ONLINE SERIES CATALOG】

Interactive web-based platform providing digital access and distribution of the EMPOWERED Life Series curriculum. Features flipbook technology for online viewing of educational materials, comprehensive curriculum catalog with volume previews, and user-friendly navigation system. Serves as primary digital repository and dissemination tool for maternal recovery health education resources developed by Roseman University of Health Sciences EMPOWERED Program, with primary funding from Nevada Department of Health and Human Services and digital platform support from United Healthcare.

Stefano TA, principal developer, Health Copilot AI. *Health Copilot AI Precision Health Education Pipeline v2.1*. Health Copilot AI; 2024-2025. **【AI-POWERED CURRICULUM DEVELOPMENT PLATFORM】**

Proprietary end-to-end AI-powered platform integrating the 'Amica' pedagogical framework for precision health education content creation. Four-pillar system featuring Dynamic Pedagogical Blueprinting, Expert-Guided AI Synthesis, Automated Layout & Design Engine, and Automated Quality & Compliance Engine. Transforms complex health content into beautifully designed, accessible educational materials through human-AI collaboration. Used to develop the complete EMPOWERED Life Series curriculum, combining irreplaceable human expertise with AI speed, precision, and scale to produce trauma-informed, strengths-based workbooks specifically tailored for mothers in recovery.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *AmplifyHub.ai*. Health Copilot AI; forthcoming. **【AI INNOVATION AND WORKFORCE DEVELOPMENT PLATFORM】**

Dual-pipeline ecosystem creating symbiotic growth between AI innovation and talent development. AI Acceleration fast-tracks AI technologies from lab to market through equity-focused incubation, commercialization support, and community pilots. Talent Enrichment develops future-ready workforce through personalized career navigation and upskilling programs aligned with evolving AI market demands. This integrated approach ensures AI innovation accelerates in tandem with skilled workforce evolution, fostering socially-responsible growth and equitable opportunities in the AI sector.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *Precision Learning OS*. Health Copilot AI; forthcoming. **【ADAPTIVE ASSESSMENT AND LEARNING PLATFORM】**

Intelligent assessment operating system transforming educational evaluation through video-based authentic assessment, AI-powered evaluation against customizable rubrics, and multi-language support with linguistic differentiation. Features personalized learning plan generation, longitudinal developmental tracking, institution-configurable standards and benchmarks, and multi-program flexibility. Identifies learning gaps earlier through continuous formative assessment, replacing high-stakes testing with ongoing developmental partnership. Scalable across disciplines, programs, and institutions for genuine preparation and

evidence-based coaching. Specialized versions serve general education, seminary formation with theological rubrics, and bilingual competency development.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *Transfigured*. International Institute of Catholic Leadership; Health Copilot AI; forthcoming. **【PERSONALIZED FAITH FORMATION PLATFORM】**

Comprehensive personalized and integral faith formation journeys for individuals, families, and faith communities. Features personalized education, accompaniment by faith coaches, counseling services, addiction support, family-coordinated plans, and parish integration tools. Developed by the International Institute of Catholic Leadership, powered by Health Copilot AI, Transfigured tailors spiritual development to each person's unique journey while strengthening family bonds and community connections.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *PreachPro*. Health Copilot AI; forthcoming. **【AI-POWERED PREACHING FORMATION PLATFORM】**

Innovative, cloud-based, fully-bilingual preaching formation platform where the art and science of preaching becomes proclamation. PreachPro strengthens preacher abilities through personalized integral formation paths across human, spiritual, intellectual, and pastoral dimensions; skills training via deliberate practice, video annotation, multisource feedback, and self- and peer-reflection; and scalable communities of learning empowered by resource-sharing, automated analytics, and collaboration. Highly configurable to organizational workflows, PreachPro revolutionizes preaching formation through AI-driven personalization, advanced linguistic diagnostics for bilingual competency, and comprehensive assessment management.

RESEARCH & REGULATORY OPERATIONS

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *RegOps AI*. Health Copilot AI; forthcoming. **【INTELLIGENT REGULATORY OVERSIGHT PLATFORM】**

Transformational AI-powered regulatory oversight ecosystem streamlining compliance processes through three interconnected portals. RegOps AI revolutionizes regulatory management via Administrative Portal (workflow configuration, compliance assessment units, cross-portal orchestration), Staff Portal (AI-powered case management, intelligent document analysis, smart risk assessment), and Regulated Entity Portal (user-friendly applications, compliance monitoring, seamless communication). Features include automated workflow optimization, intelligent routing, predictive analytics, and comprehensive audit trails, transforming complex regulatory oversight into efficient, consistent, and transparent processes.

Stefano TA, CEO & Chief AI Scientist, Health Copilot AI. *RAPPORT AI*. Health Copilot AI; forthcoming. **【AI-POWERED GRANT MANAGEMENT PLATFORM】**

Institutional-scale, AI-powered grant management platform transforming research administration for universities and academic medical centers. RAPPORT AI reduces wasted grant preparation time through institutionally-trained artificial intelligence that automates redundant documentation, standardizes workflows across departments, and fosters collaboration. Features smart document management with single-source authoring, AI-powered content generation trained on successful proposals, automated workflow optimization, and comprehensive foundational infrastructure. Delivers significant reduction in duplicate documentation effort, faster grant cycles, and systematic process improvement building long-term institutional research capacity.

SELECT GRANTS, LEGISLATIVE APPROPRIATIONS, AND AWARDS

Given my previous roles in grant administration and the extensive range of grant submissions that I produced as part of my consulting work, I am limiting the following list to research, education, and community health development grants and legislative appropriation requests from 2015 to the present.

OVERVIEW OF GRANT AND AWARD ACTIVITIES SINCE 2015

FUNDED GRANT APPLICATIONS \$49,415,772 	GRANT ADMIN. & IMPLEMENTATION \$31,406,053 	TOTAL FUNDING CYCLE CONTRIBUTIONS \$80,821,825 
NATIONAL AWARDS 2 	INTERNATIONAL AWARDS 3 	ACADEMIC SCHOLARSHIPS & STIPENDS \$664,363 

SELECT FUNDING APPLICATIONS

This is a select list of community-focused health, technology, workforce development, and education grants since 2015. My role in each grant is specified. For grant implementation and administration, see section below.

AWARDED/ APPROVED

<u>Year(s)</u>	<u>Funding Agency, Project Info, and Role</u>	<u>Amount</u>
2026–2031	National Institute of Health (NIH), NHGRI (Genomics), NIMHD (Minorities and Disparities), NIMH (Mental Health) Diversity Centers for Genome Research, <i>FIU-Diversity Center for Genomic Research (FIU-DCGR)</i> (ID: 1UG3HG013615-01; PI: Wang X) <u>Role:</u> Contributor to multi-omic and poly-social risk profiles research aims	\$11.38 Million 【APPROVED】
2024–2027	SAMHSA, State Pilot Program for Treatment for Pregnant and Postpartum Women (PPW-PL Grant; NOFO: TI-24-002), <u>State Agency:</u> Substance Abuse Prevention and Treatment Agency; <u>Dir. Serv. Prov.:</u> Empowered Program in Northern NV; <u>Project Name:</u> Empowering NV Initiative (State Agency PI: Hatefi A and Cook S; Subrecipient PI: Peterson A) <u>Role:</u> Lead author, scalable program structure design, data protocol and schema architect, clinical and social service support care plan workflows designer	\$2.3 Million 【AWARDED】
2024–2025	United Healthcare Community Investment Fund, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> Lead author	\$65,000 【APPROVED】

2024–2029	U.S. Economic Dev. Administration through Univ. of Nevada, Reno Regional Technology and Innovation Hubs (Tech Hubs), <i>Nevada Lithium Battery and EV Materials Loop Tech Hub</i> (PI: Bartholet R, Steinmann F) <u>Role:</u> <i>Consortium Member Lead Representative & AI strategist</i>	\$21 Million 【APPROVED】
2024	SAMHSA & State Opioid Response Grant through CASAT (UNV, Reno) <i>R2R²: Road to Resiliency and Recovery - Mobile Health Unit for Rural & Frontier Areas (Startup)</i> (SOR 3.2) (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$322,586 【APPROVED】
2023–2024	CDC through Florida Department of Health (Contract: DEY50) <i>FIU Thrive Community Insights (HIPAA-compliant reporting dashboard)</i> (PI: Brown DR) <u>Role:</u> <i>Lead author & architect and Project Co-lead & Co-PI</i>	\$887,707 【AWARDED】
2023–2024	NV Dept. of Health and Human Services, NV Opioid Litigation Funds Fund for a Resilient Nevada, <i>EMPOWERED RISE</i> (PI: Peterson A) <u>Role:</u> <i>Lead author,</i>	\$385,898 【AWARDED】
2023–2024	SAMHSA & State Opioid Response Grant through CASAT (UNV, Reno) State Opioid Response Grant (SOR 3.0), <i>EMPOWERED</i> (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$855,608 【AWARDED】
2023–2024	CDC through Southern Nevada Health District (SNHD 2023) Overdose to Action Grant, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$100,000 【AWARDED】
2022–2024	United Healthcare Empowering Health, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$150,000 【APPROVED】
2022–2023	SAMHSA through NV Dept. Health and Human Services and Univ. of Reno State Opioid Response Grant (SOR 2.0 - Ext.), <i>EMPOWERED</i> (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$610,431 【AWARDED】
2022–2023	State of Utah Legislative Appropriation Opioid Litigation Funds, <i>Prenatal and Postnatal Women and Children Opioid Grant*</i> (Subrecipient PI: Peterson A) <u>Role:</u> <i>Lead author, statewide scalable program architect, and lead legislative appropriations request presenter</i> <i>*Awarded in partnership with Intermountain Healthcare.</i>	\$2.74 Million 【APPROVED】

2022–2023	Nevada Department of Health and Human Services Comprehensive Addiction and Recovery Act (CARA Plan of Care), <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Lead author, scalable program architect</i> *The value of the CARA grant is between \$350,000 and \$630,000, resulting in a median value of \$490,000. The variability results from the nature of this proposal which entails an agreed rate for service per month per client referred. The range corresponds to the floor and ceiling, respectively.	\$490,000* 【AWARDED】
2022–2023	CDC (CDFA No. 93.391) through Florida Department of Health (NH75OT000055-01-00) (Contract: DEX87) FIU Thrive - <i>patient-consumer mHealth App</i>. (Contract: DEX87; ID: 800015428; FIU AWD#13419; PI/Lead: Brown DR; Co-PI/Co-Lead: Stefano TA) <u>Role:</u> <i>Lead author & architect and Project Co-lead & Co-PI</i> *Total project cost is: \$2,211,604. FDOH is contributing \$1,299,486 and Florida International University is contributing \$912,117 as cost-share.	\$1.3 Million* 【AWARDED】
2022–2023	FIU Herbert Wertheim College of Medicine Grant Match Contribution, <i>FIU Thrive Navigator (care navigator digital health app)</i> (PI/Lead: Brown DR; Co-PI/Co-Lead: Stefano TA) <u>Role:</u> <i>Lead author & architect and Project Co-lead & Co-PI</i> *See note under CDC through Florida Department of Health entry. The \$912,117 is FIU's contribution as cost-share. This project is funded by the CDC (CDFA No. 93.391) through Florida Department of Health (NH75OT000055-01-00) through Contract DEX87 (ID: 800015428; FIU AWD#13419).	\$912,117* 【AWARDED】
2022–2023	In Trust Center Resource Grant, <i>Recording Studio Streaming & Training</i> (PI: Krysiak Bittár SM) <u>Role:</u> <i>Co-Lead author</i>	\$15,000 【AWARDED】
2022–2023	St. Vincent de Paul Regional Seminary Resource Grant, <i>Recording Studio Streaming & Training</i> (PI: Krysiak Bittár SM) <u>Role:</u> <i>Co-Lead author</i> *Cost match for In Trust contribution	\$15,000* 【AWARDED】
2021–2022	Southern Nevada Health District (SNHD 2022) Overdose Data to Action Grant, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$65,000 【AWARDED】
2021–2022	SAMHSA through NV Dept. Health and Human Services and Univ. of Reno State Opioid Response Grant (SOR 2.0), <i>EMPOWERED</i> (PI: Peterson A) <u>Role:</u> <i>Lead author</i>	\$706,396 【AWARDED】
2020–2023	Braman Foundation <i>Linda Fenner 3D Mobile Mammography Center</i> (PI: Chung K, Bisschops J) <u>Role:</u> <i>Grant material support.</i>	\$1.2 Million 【AWARDED】

2019–2024	The Audacious Project: Collaborative Funding Initiative <i>Household-Centered Care: the “Copernican Revolution” in Comprehensive Health Care Delivery That We Need.</i> (PI: Greer PJ) <u>Role:</u> <i>Lead author and architect of scalable program design</i>	\$42 Million 【SEMI-FINAL.】
2019–2020	Florida Department of Children and Family Services <i>An Enhanced Medical School Curriculum to Prevent and Combat SUD: Fostering Socially Accountable Physicians across the Continuum</i> (PI: Lage O, Schneider G) <u>Role:</u> <i>Grant material support</i>	\$122,064 【AWARDED】
2019–2020	Florida Association of Free and Charitable Clinics <i>Strengthen and Maintain Breast Health Services in our Community</i> (PI: FIU HWCOC) <u>Role:</u> <i>Grant material support</i>	\$189,225 【AWARDED】
2018–2019	Aetna Foundation <i>Household-centered Care: Value of Addressing the Social Determinants of Health</i> (PI: Greer PJ, Brewster L) <u>Role:</u> <i>Lead author</i>	\$200,000 【AWARDED】
2017–2018	National Institute of Health (NIH), National Institute on Drug Abuse <i>Cohort Studies of HIV/AIDS and Substance Use (FOA: PAR-12-222), Cohort Studies on HIV/AIDS and Substance Abuse in Miami (5U01DA040381-02)</i> <u>Role:</u> <i>Grant material support</i>	\$1.07 Million 【AWARDED】
2016–2017	Health Foundation of South Florida (HFSF) <i>Registry Reports and Training: Integrating Behavioral Health and Primary Care</i> (PI: Adriana F) <u>Role:</u> <i>Grant material support</i>	\$30,000 【AWARDED】
2016	Association of American Medical Colleges (AAMC) <i>Building a Systems Approach to Community Health and Health Equity</i> (PI: Greer PJ) <u>Role:</u> <i>Lead author</i>	N/A 【AWARDED】
2015–2018	U.S. Department of Health & Human Services <i>National Workforce Diversity Pipeline Program (FOA: MP-CPI-15-002), Florida Science Training and Research (FL-STAR) Fellowship (Proj. ID#11909385)</i> (PI: Brewster C) <u>Role:</u> <i>Lead author</i>	\$2.1 Million 【AWARDED】
2015–2016	Aetna Foundation	\$200,101

	FIU-Aetna Health Policy Analysis Academy (PI: Greer PJ) <u>Role:</u> <i>Lead author</i>	【AWARDED】
--	---	------------------

IN SUBMISSION

<u>Year(s)</u>	<u>Funding Agency, Project Info, and Role</u>	<u>Amount</u>
2025–2026	Dignity Health/ Common Spirit Community Health Improv. Grant, <i>SRN-AI</i> (PI: Peterson A) <u>Role:</u> <i>Lead author and project architect; subrecipient PI</i>	\$136,000 【IN SUBM.】
2024–2025	SAMHSA & State Opioid Response Grant through CASAT (UNV, Reno) <i>R2R²: Road to Resiliency and Recovery - Mobile Health Unit for Rural & Frontier Areas (Annual)</i> (SOR 3.2), (PI: Peterson A) <u>Role:</u> <i>Lead author, program operations design, scalable architecture</i>	\$1.45 Million 【IN SUBM.】

SELECT FUNDING ADMINISTRATION AND IMPLEMENTATION

This is a select list of grants since 2015 in which I contributed to the grant's administration and/or implementation, including project activities, reporting, and/or developing project deliverables. The amounts listed refer to the funding award value.

AWARDED/ APPROVED

<u>Year(s)</u>	<u>Funding Agency, Project Info, and Role</u>	<u>Amount</u>
2026–2031	National Institute of Health (NIH), NHGRI (Genomics), NIMHD (Minorities and Disparities), NIMH (Mental Health) Diversity Centers for Genome Research, <i>FIU-Diversity Center for Genomic Research (FIU-DCGR)</i> (PI: Wang X) <u>Role:</u> <i>Subcontractor/ Research consultant for project aims related to multi-omic and poly-social risk profiles and precision health*</i> <i>*Cutting-edge research on how multi-omic risk profiles and poly-social factors interact to drive disparities in chronic diseases like HIV, obesity, and hypertension, aiming to develop advanced precision health interventions for minority populations.</i>	\$11.38 Million 【APPROVED】
2024–2025	United Healthcare Community Investment Fund, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Senior editor, Health education curriculum; Digital learning pathways architect and developer.</i>	\$65,000 【APPROVED】

2024	SAMHSA & State Opioid Response Grant through CASAT (UNV, Reno) R2R²: Road to Resiliency and Recovery - Mobile Health Unit for Rural & Frontier Areas (Startup) (SOR 3.2) (PI: Peterson A) <u>Role:</u> <i>Strategic Clinical Policy Developer; led clinical policy development, ensured compliance, and optimized sustainable workflows for the mobile health unit, targeting rural and frontier areas.</i>	\$322,586 【APPROVED】
2023–2024	CDC (CDFA No. 93.391) through Florida Department of Health (NH750T000055-01-00) FIU Thrive Project. <i>FIU Thrive Community Insights Dashboard (automated HIPAA-compliant reporting dashboard)</i> (Contract: DEY50; ID: 800018402; FIU AWD# 15844; PI/Lead: Brown DR; Co-PI/Co-Lead: Stefano TA) <u>Role:</u> <i>Lead System Architect, Project Co-lead & Co-PI, and Software Engineering</i>	\$887,707 【AWARDED】
2023–2024	NV Dept. of Health and Human Services, NV Opioid Litigation Funds Fund for a Resilient Nevada, <i>EMPOWERED RISE</i> (PI: Peterson A) <u>Role:</u> <i>Program Structure Designer; proposed and restructured program architecture by introducing stage-based services and health education (Resulting program structure: core services, individualized, and stage-based services). Also serve as Senior Editor, Health Education Curriculum (Curriculum Design, Development, Editing, Graphic Design for Production, and Project Management);</i>	\$385,898 【AWARDED】
2023–2024	SAMHSA & State Opioid Response Grant through CASAT (UNV, Reno) State Opioid Response Grant (SOR 3.0), <i>EMPOWERED</i> (PI: Peterson A) <u>Role:</u> <i>Program Structure Designer; enhanced prior conceptualizations by distinguishing between community empowerment (advocacy, alignment, capacity-building) and client services (core and individualized), and developed a robust structure of core and individualized services tailored to diverse target groups.</i>	\$855,608 【AWARDED】
2023–2024	CDC through Southern Nevada Health District (SNHD 2023) Overdose to Action Grant, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Podcast Series: series concept, episode outlines, script templates and drafts.</i>	\$100,000 【AWARDED】
2022–2024	United Healthcare Empowering Health, <i>EMPOWERED Program</i> (PI: Peterson A) <u>Role:</u> <i>Senior editor, Health education curriculum</i>	\$150,000 【APPROVED】
2022–2023	CDC (CDFA No. 93.391) through Florida Department of Health (NH750T000055-01-00) (Contract: DEX87) FIU Thrive - <i>patient-consumer mHealth App</i>. (Contract: DEX87; ID: 800015428; FIU AWD#13419; PI/Lead: Brown DR; Co-PI/Co-Lead: Stefano TA) <u>Role:</u> <i>Lead System Architect, Project Co-lead & Co-PI, and Software Engineering</i>	\$1.3 Million* 【AWARDED】

	*Total project cost is: \$2,211,604. FDOH is contributing \$1,299,486 and Florida International University is contributing \$912,117 as cost-share.	
2022–2023	FIU Herbert Wertheim College of Medicine Grant Match Contribution, <i>FIU Thrive Navigator (care navigator digital health app)</i> (PI: Brown DR) <u>Role:</u> <i>Lead System Architect, Project Co-lead & Co-PI, and Software Engineering</i> *See note under CDC through Florida Department of Health entry.
